

{module [75]}

Preschool Children are an active, inquisitive creation from God. Our specially trained Preschool leaders understand this and take advantage of their excitement to teach them the wonders of God's world. They learn God created the bird and flower. And, the environment of our Preschool Rooms teach them they are in a **special caring place**.

Their little minds are quickly learning many things. Our goal is to help them learn of God's great love for them. Later as they mature, they will have had a foundational level learning to prepare them for a life-commitment to Jesus Christ.

Our **clean and safe facility** provides parents, attending our Bible Studies and Worship Services, a secure place to leave their Preschooler.
